Welcome To Angelic Mediumship

This course will teach you to recognize Angels everywhere you go. You will see them with your psychic eyes, your inner vision. You will be aware of their presence, and understand the meaning of their signs.

But here is the thing: I can give you all the right tools, strategies and secrets. However, if you don't have faith in Angels, you won't be able to see them. You need to have faith that Angels are real. You know I am (Josie) real. Even though you have never met me in person.

Angels don't have physical bodies, but they are just as real as me. I can tell you this with 100% faith. I hope my confidence and faith will help you on this path. Our human nature is not to trust anything that we can't perceive with physical senses. Faith is something you build.

One miracle at a time. One action at a time.

I need your full attention and commitment. We are entering highly favorable astrological timing; there is no time to waste.

This course is strategically designed to open your psychic awareness of the reality that we simply can not observe with our physical eyes.

It is important to stay as positive as you possibly can during the next few weeks. Avoid conflicts, disagreements, toxic foods, alcohol, and toxic thoughts.

It's only 10 days, you can do it! You will generate lots of energy.

We need it to connect with our spirit sources. Negative emotions, toxic foods greatly lessen your ability to see Angels.

They cause you to lose energy.

I am here to guide you. Stay as positive as you can.

You are blessed and guided on
this path

Initiation

Let's begin with an initiation. Remember Angels can't do anything without your permission. By stating this invocation you are giving them a permission to work with you.

Find a comfortable position. Relax your body put your hand on your heart. Reconnect with your heart. Feel the heartbeat in your chest. Fill it with gratitude until it overflows with love and light energy.

Initiation

Today I make a promise to my Higher Self to commit to the process of becoming an angelic medium. For the next ten days, I will perform necessary practices and pay close attention to signs. I will meet my Angels halfway. I will do my part. I will change my relationship with Angels forever. I'm ready. Thank you for your guidance.

Invocation

Your every day in the course begins with an invocation.

An invocation is a prayer or statement.

When you wake up, put your hand on your heart and say the invocation.

Invocation

Today I invite the Divine Wisdom to fill my heart and my mind with light energy and intuitive power to connect with Angels. I am open to miracles. I am ready to follow the Angelic Guidance. Whatever comes my way is a blessing. I am open to receive it.

I will pay attention. I will clear my mind and my body of old karmic energy, limiting beliefs, worries, and fears.

I am connected to my Higher Self, Angels, and Spirit Teachers. I am a channel of powerful psychic insights and visions.

I am protected and energized by the Divine Grace of my Spirit. Amen

Meditation

Every day you have one meditation to do. It works together with all other practices. Close your eyes, relax, surrender to music and follow my voice. I use a specific technology to connect directly with your subconscious mind.

Journaling

In the evening, it is important to sit down, and reflect upon your day. What did you experience today? Spend about 5 minutes writing down all unusual occurrences, and signs you've received. In ten days you will have a journal of your personal angelic signs.

If you need guidance on journaling, watch a short video in
